

Forklift Electrical Parts

Forklift Electrical Part - Lift trucks and other lift trucks may have specific labels for use in some hazardous locations. The mark indicates that this particular model of forklift meets the minimum standards of ANSI/UL 553 used for electric lift trucks or ANSI/UL 558 used for internal combustion engine lift trucks.

The use for labels used for lift lift trucks may be found in National Fire Protection Association NFPA 505 - Powered Industrial forklifts including: Maintenance and Operation, Type Designations, and Areas of Use. Ask your local insurance carrier and Fire Marshall for more info regarding the approved uses of industrial powered lift trucks in your application.

If the lift truck has been found to meet the outlined standards, the following labels can be placed. A marked truck will have the type description located on the lift truck nameplate and would have one of the following labels put.
